ADRA BAHAMAS

TODAY

FOOD SECURITY

Food security, as defined by the United Nations' Committee on World Food Security, means that **all people, at all times, have physical, social, and economic access to sufficient, safe, and nutritious food that meets their food preferences and dietary needs for an active and healthy life.**

FOOD SECURITY + ADRA BAHAMAS

Food Security is one (1) of the eleven (11) Global Clusters for Humanitarian response; Covid-19 highlighted the importance of this sector worldwide and ADRA Bahamas sought to provide aid to persons throughout **all** five (5) constituencies of **Grand Bahama**.

On Tuesday October 26th, ADRA Bahamas hosted a Hydroponic System Training Workshop, which was facilitated by Mr. Jermaine Turnquest of Grow Life Supplies at a Community Centre whose use was entirely donated by Mr. Darryn Rolle, Director of the Falcon Boys Club (Grand Bahama) to ADRA Bahamas.

Through an engaging session, the farmers learned about the systems, their operation modes,

BACKYARD GARDENING

Through a partnership with the **Moore Charitable Foundation**, ADRA Bahamas was able to provide 495 persons with backyard gardening kits as well as 3 hydroponic systems to assist 3 **local, female farmers** who have been assisting their communities with crops during these most challenging times.

pruning techniques, substrates and how to blend them to obtain higher yields, proper maintenance and the fact that it is a self-watering system that can accommodate the growth of multiple numbers of 1 crop simultaneously- "organically" (use of no chemicals to aid in growth-fertiliser & soil) or "unorganically" (without soil but nutrients are placed in the water).

We must admit that stress from one (1) catastrophic event can have lasting impacts on adults...compound that stress with another crisis that affects the normal flow of people from place to place, economic fallouts and interactions with others...now imagine this as a young male in the prime of their childhood- **frustrating!**

CHILDREN + ADRA BAHAMAS

According to the United Nations Office of the High Commissioner of Human Rights, **Convention on the Rights of the Child**

Article 31

1. States Parties recognize the right of the child to rest and leisure, to engage in play and recreational activities appropriate to the age of the child and to participate freely in cultural life and the arts.

In support of two phenomenal basketball camps in Grand Bahama who unknowingly are fulfilling Article 31, ADRA Bahamas had the opportunity to provide a total of **88** official Brooklyn Nets Basketball Academy Gear and **35** pairs of PUMA tennis to members of the **REACHOUT Community Centre** and the **Falcon Boys Club** to add motivation to the youth in attendance to both camps this summer!
